

→ Collection sites at Level 2

Container drop-off's can resume, but to do this safely we ask that you follow the process below.

Contact your local collection site to see if they have specific check-in procedures, or call Agrecovery on 0800 247 326.

Make sure that containers are triple rinsed and lids are removed.

Take your containers to your local collection site. If you have more than 300 containers, we can come to you! Get in touch to arrange a pick up.

Upon arrival, notify the site host that you have containers for recycling and ensure that you maintain physical distancing of 2m from others at all times during unloading and inspection.

The site will fill out a collection receipt. This will be used for contact tracing to meet public health requirements. Site staff can continue to log your drop-off online, or call us and we can do this for you. Sites may also have their own specific contact tracing procedures.

If you are unwell, stay at home.

Thanks for your patience and continued support as we transition through alert levels.

Please maintain 2m
physical distancing
from others
